guptashena82@gmail.com | +91-6387356848 | Ghaziabad, Uttar Pradesh

PROFESSIONAL SUMMARY

B.Tech Information Technology student (4th year) with foundations in Python, Java, Data Structures and Algorithms, DBMS, and Operating Systems. Hands-on experience through academic projects in Python, NLP, machine learning, Streamlit, and SQLite. Solved 70+ problems on LeetCode and seeking software development opportunities.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology — Raj Kumar Goel Institute of Technology

TECHNICAL SKILLS

Programming	C, Python, Java
Data Structures & Algorithms	Linked List, Queue
Core Computer Science	DBMS, Operating Systems
Web & Database	HTML, CSS, MySQL
Professional	Communication, Problem Solving

PROJECTS

Sentiment Analysis System | Python, NLP, Machine Learning, Deep Learning

- Built a sentiment classification system using Python and NLP techniques.
- Achieved 85% accuracy using a machine learning model.

HR Recruiter Portal | Python, Streamlit, SQLite

- Developed a web-based HR recruitment portal for candidate record management.
- Implemented Add, View, Search, Update, and Delete candidate operations.
- Built an interactive dashboard for managing recruitment data.

INTERNSHIP / TRAINING

Winter Internship Program — Netcom | Duration: 21 days

ACHIEVEMENTS & ACTIVITIES

- Solved 70+ problems on LeetCode.
- Member of Logix Technical Society.

CERTIFICATIONS & LEADERSHIP

- **AB Talks — 60-Day Claude AI Challenge**
  AB Talks 10-Day Capstone Sprint
- **NPTEL —**
  Design and Analysis of Algorithms
- **NPTEL —**
  Object Oriented Programming in Java
- **Technical Society (Yantrikom) —**
  Designed mechanical parts

LANGUAGES

Hindi (Native), English (Professional)
